

Enjoy Your Easter Outing With Baby!

Doubtless your purchase of something new in wearing apparel for Easter Day has been arranged for. Baby, as well, should be thought of, and in one of the new Whitney Sleepers you can solve the problem.

This carriage is equipped with reversing gear, so that you can push it from either end. Notice the graceful, roomy reed body, the hood with back windshield, the long flexible springs and rubber-tired wheels.

Our line of Carriages, Go-Carts, Strollers and Sulkies is complete.

You'll find just the new carriage you have been looking for if you call in to see our spring stock.

TALK OF THE TOWN

Who buys cattle? A Tomas. Mrs. M. P. Sullivan left this morning for Bethel, where she is passing the week-end with relatives.

Mrs. Fred Wahlberg of Hartford, Conn., called on friends in Barre, her former home, yesterday and to-day.

New line of popular sheet music on sale to-day at 10c a copy. Bailey's Music Rooms, 14 Elm street, Barre.

Alexander Ogston left Barre early this morning for Springfield, Mass., to reside, having secured employment there.

"Easter and the World War," a war sermon, at the Presbyterian church to-morrow night at 7 o'clock (new time).

Miss L. L. Skinner of Church street went to her home in Waitsfield this morning to pass Easter with relatives.

Mrs. Fred Haskett left the city last evening for Ayer, Mass., where she is to visit a relative stationed at Camp Devens.

Miss Lena Barberi, who is attending the New England conservatory of music in Boston, is passing the Easter vacation at her home in Barre.

Don't forget the fine line of aprons on sale at the Congregational church vestry Friday, April 5, also food made from war-time recipes—advs.

Miss Bertha Stillson, a former member of the faculty at Spaulding high school, arrived in this city from St. Johnsbury last night for a visit with friends.

Frank Hunton, who is employed as a brakeman on the Central Vermont railroad, returned this morning to St. Albans, after passing a few days at his home on Orange street.

Henry Nute of the Morse block left last night for Manchester, N. H., there to visit his brother, Private Harold Nute of Camp Devens, who expects to leave for France within a short time.

Lieut. George S. DeMerrell, who is connected with the ordinance department in Washington, D. C., will arrive in this city this evening to pass Easter in the home of C. A. Brown of Jefferson street.

Special prices for Friday and Saturday: Bananas, 15c, 20c, 25c and 30c a dozen; oranges, 30c a dozen up. Remember the right place. Barre Fruit Co., 96 North Main street. George Maniatty, Prop.

Miss Margaret Roberts of South Barre, who has been assisting in the office of the Washington county local board for the past three months, left this morning for Albany, N. Y., where she is to resume her studies in a business school.

Opposition to the inauguration of the daylight saving system is negligible in Barre and on all sides there are indications that clocks will be adjusted to the new dispensation to-morrow night.

Granite manufacturers are practically a unit in welcoming the advent of daylight saving, and their view is largely shared by labor men. Quarries are wholeheartedly committed to the change and there is every prospect that the Barre granite district will make the industrial transition without annoyance. It is assumed that the churches will make the beginning on Easter morning, and while church services are to be held an hour earlier, the time here, where the clock is concerned, will remain unchanged.

With the jury assigned to its place and the court ready to proceed, progress in the case of State vs. Philip Boucher at Cabot yesterday was delayed on account of a woman's fall. The respondent is charged with an intoxication offense, and when the state's principal witness, a woman living four miles from the village, sustained serious injuries in a fall, the court decided to postpone the trial. Magistrate H. W. Scott, whose Barre city court jurisdiction under the law includes Cabot, had made his preliminary address to the jury, and State's Attorney Earle R. Davis was about to begin the prosecution when word came that the arrival of the woman witness had been indefinitely postponed because of the accident. Judge Scott and the state's attorney returned to Barre last night. The case may not be heard until the latter part of next week.

Immediate action in the adjustment of its street railroad to the new franchises granted by Barre and Montpelier is not contemplated by the Barre & Montpelier Traction & Power Co., according to a statement made by one of the officials yesterday. The steps that must necessarily be taken before the change becomes effective will be deferred until Berlin acts on a question similar to that considered in special city meetings of Barre and Montpelier. Sentiment in Berlin is regarded as favorable to the new lease of life which the traction company is seeking, and there seems to be little opposition to granting a new franchise there. The traction officials look with undisguised satisfaction upon the outcome of the special city meetings, and believe that the popular verdict registered in each city will do much to restore good feeling between the municipalities and the company.

After a great deal of indecision over where to stage the championship game between the Burlington and the Spaulding high school basketball teams, the Peoples academy gymnasium at Morrisville has finally been decided upon as the scene of the game. The teams were tied at the close of the state interscholastic league race two weeks ago and since then negotiations have been carried on between the managements of the two teams, although no definite arrangements were completed until yesterday. The Burlington team is out to annex another leg on the championship cup, which is to be won by one of the teams in the league for three years, it having won the championship two years ago, while the Montpelier high school team was the league leader last year. A large number of Spaulding students and downtown followers are planning to accompany the Spaulding gladiators to Morrisville Monday forenoon.

An authoritative statement from Coach J. T. Kessick to-day confirmed the report that Spaulding and Burlington high schools are to decide the state interscholastic basketball championship in Morrisville Monday evening. Arrangements for the deciding game have been greatly facilitated by members of the Peoples academy team, which was a consistent runner-up in the race for the top. Pancho, who coached the University of Vermont team, has been engaged to referee the match, and a man from Barre will umpire. Failure on the part of the Burlington and Spaulding managements to secure satisfactory transportation arrangements will probably keep the attendance down from both schools, although a number of local students are planning to accompany the Barre school-boys on their trip to Lamont county. The Spaulding team has been practicing daily, and close followers of the game believe that it has an even chance of winning the championship.

Card of Thanks.

We wish to thank the friends and neighbors for the kind assistance and sympathy since our little son's accident, also the children for their numerous gifts.

Mr. and Mrs. Lewis B. Glidden, East street.

Time Now for Easter Clothes

What feeling is more pleasant than to step out Easter Sunday with the satisfaction that your coat or suit selection bears all the style marks of spring. Already this season we have had the good fortune to help a large number of customers avoid purchasing impure fabrics and hasty tailoring in suits and coats. In hardly any season during the past ten years has it been so important to watch closely everything, big and little, which goes into making garments—and this applies to our purchases as well as yours. **OUR FULL EASTER DISPLAY IS NOW ON.**

Copyright 1918 by The Wooltex Company

The Best Time to Buy

Do you realize that the best time to buy garments or general dry goods is when the stock is at its best, when every department is full of the newest and best things of the season?

When you stop to consider how everything in Cotton or Wool Goods is advancing in price and decreasing in quantity, you can appreciate what it means to be able to get the thing you especially want later. Our stock is now at its best, but we cannot make any promises for the future. We will do all we can to give you what you will want at prices that are right.

Suits and Coats

Our line of Suits is now complete in every detail. We bought these garments early and can guarantee the quality and make to be the best in every way. Never were we able to give you better qualities, and prices are not so very much advanced over other seasons. The Printz-Beidermann and Wooltex garments are our standard for quality and style, and they are a standard by which all other makes are compared. We want you to get acquainted with this line of garments.

By nearly every express now we are getting new Coat models. This has been an unusually early Coat season. People are realizing the importance of buying early. We can show you now one of the largest and best lines of popular Coats we ever had so early in the season.

Separate Skirts

We received by express this week another lot of those popular Silk Skirts. These are in the same qualities as our other lot, but in combinations entirely different. If you want a good Skirt value, you should see this line.

In the Wool Skirts, our line is now complete in every way, and in quality they are All Wool. Let us show you this line of Skirts.

New Easter Novelties

In Easter Novelties we have a large showing of new and useful accessories. See our large display of Easter Collars in all the new shapes and colorings. These are just what you will want to dress up your dress or suit.

EASTER GLOVES will demand your attention, and we are showing a good line of these most important finishes to your wardrobe.

The Mayra Mills Silk Hose is a Hose that for wear and finish will surely interest you. These we have in all colors.

Easter Opening Friday and Saturday

EASTER MILLINERY will be one of the important finishes to your Easter wardrobe. We want to show you our complete line of the Ready-to-Wear Hats—Hats that are different in design and still the advanced and most up-to-date shapes and designs. VISIT THIS DEPARTMENT when looking for Suits or Coats.

The Daylight Store

TALK OF THE TOWN

Mrs. T. G. Venner left last night for Boston to visit relatives for a few days.

News was received here yesterday that Mrs. Arthur E. Bugbee of Pittsfield, Mass., formerly of Barre, had submitted to an operation for appendicitis, and was improving slowly.

Miss Grace Parry and her guest, Miss Maud Borman of Round, Mont., who are students in the New England conservatory of music, Boston, are passing the Easter vacation with the former's parents, Mr. and Mrs. W. W. Parry, of Richardson street.

White River Junction Landmark: Ralph Campani of Barre is a new stonecutter with Adams & McNichols, Maple street. Mr. Campani was succeeded to be one of the best men in Barre in the business.

James G. Sim, the former incumbent, is in the Mary Fletcher hospital, Burlington. Mrs. Martin A. Bohannon of Lowell, Mass., is visiting her sister, Mrs. Effie Bruce, at the Quinlan house before going to Washington to open her home for an aged brother, Alva Bohannon, a veteran of the Civil war, who makes his home with her. Mr. Bohannon is expected next week.

TALK OF THE TOWN

Mrs. Paul Beckley of 37 South Main street is confined to the house by illness.

Next Friday evening in the Congregational church vestry, a concert of patriotic songs. Don't forget the date—adv.

Two weeks of keeping a careful record of its performances has confirmed all claims made for the "Stormograph," the weather indicator installed in the display window at the N. D. Phelps Co.'s store. The little automatic forecaster has become the cynosure for many eyes, and now that its accuracy is firmly established a good many people are getting their weather forecasts regularly from that source. The "Stormograph" predictions are made through the medium of a chart, so divided and lettered as to enable anyone quickly and accurately to determine the position of the indicating pen and to obtain a forecast. Rising and falling lines are the dependable lineations, and the passerby who wishes to know whether the morrow's weather will be suited to his plans may make up his own forecast by observing the position of the letter sections with reference to the rising or falling lines made by a pen point.
